Insurance Intermediary Services/Mortgage Intermediary Services (except for Insurance based Investment Products (IBIPs))

We act as a professional insurance broker:

- a) the principal regulated activities of the firm are provided on the basis of a **fair and personal analysis** of the market; and
- b) you must pay for our services by means of a fee and/ or the firm can accept third party payments (i.e. commissions) from Providers.

Fair and Personal Analysis

The concept of fair and personal analysis describes the extent of the choice of products and providers offered by an intermediary within a particular category of life assurance, general insurance, mortgages, and/ or a specialist area. The number of contracts and providers considered must be sufficiently large to enable an intermediary to recommend a product that would be adequate to meet a client's needs.

The number of providers that constitutes 'sufficiently large' will vary depending on the number of providers operating in the market for a particular product or service and their relative importance in and share of that market. The extent of fair analysis must be such that could reasonably be expected of a professional conducting business, taking into account the accessibility of information and product placement to intermediaries and the cost of the search.

In order to ensure that the number of contracts and providers is sufficiently large to constitute a fair and personal analysis of the market, we will consider the following criteria:

- the needs of the customer,
- the size of the customer order,
- the number of providers in the market that deal with brokers,
- the market share of each of those providers,
- the number of relevant products available from each provider,
- the availability of information about the products,
- the quality of the product and service provided by the provider,
- cost, and
- any other relevant consideration.

Insurance based Investment Products

We are remunerated by commission or fees for the advice we provide on our insurance based investment products.

Life & Pensions/Deposits & Life Wrapped Investments

We provide life assurance and pensions on a fair and personal analysis basis i.e. providing services on the basis of a sufficiently large number of contracts and product producers available in the market to enable us to make a recommendation, in accordance with professional criteria, regarding which contract would be adequate to meet your needs.

We will provide assistance to you for any queries you may have in relation to the policies or in the event of a claim during the life of the policy and we will explain to you the various restrictions, conditions and exclusions attached to your policy. However, it is your responsibility to read the policy documents, literature and brochures to ensure that you understand the nature of the policy cover; particularly in relation to PHI and serious illness policies.

Specifically on the subject of permanent health insurance policies we will explain to you; a) the meaning of disability as defined in the policy; b) the benefits available under the policy; c) the general exclusions that apply to the policy; and d) the reductions applied to the benefit where there are disability payments from other sources.

For a serious illness policy, we will explain clearly to you the restrictions, conditions and general exclusions that attach to that policy.

Mortgages

Through the lenders or other undertakings with which we hold an agency, Michael Burke trading as FSB

Accountants (C422364) can provide advice on and arrange mortgage products from the following range: fixed-rate loans, variable rate mortgages, capital & interest mortgages, interest only mortgages, endowment mortgages, pension mortgages and residential investment property.

We provide mortgage advice on a fair analysis basis (providing services on the basis of a sufficiently large number of contracts and product producers available in the market to enable the firm to make a recommendation, in accordance with professional criteria, regarding which contract would be adequate to meet your needs).

We will need to collect sufficient information from you before we can offer any advice on housing loans. This is due to the fact that a key issue in relation to mortgage advice is affordability. Such information should be produced promptly upon our request.

Sustainability Factors – Investment/IBIPs/Pension Advice

In accordance with the Sustainable Finance Disclosure Regulation ('SFDR'), we inform you that when providing advice on insurance-based investment products/Investments, we assess, in addition to relevant financial risks, relevant sustainability risks as far as this information is available in relation the products proposed/advised on. This means that we assess environmental, social or governance events/conditions that, if they occur, could have a material negative impact on the value of the investment.

We integrate these risks in our advice in the following way:

We review product provider literature in relation to sustainability risks, we liaise with the providers in relation to any queries in relation to the funds. This information is reviewed by the firm on an ongoing basis.

Considering Principal Adverse Impacts on sustainability factors in the advice:

When providing advice on insurance-based investment products ('IBIPs') or investment advice we do not consider the impacts of our advice that result in negative effects on sustainability factors (namely environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters), because the area of sustainable is relatively new and as the issue progresses, we will review our position.

The firm will review this approach on an annual basis in November 2024.

You may choose to pay in full for our services by means of a fee. Where we receive recurring commission, this forms part of the remuneration for initial advice provided. We reserve the right to charge additional fees if the number of hours relating to on-going advice/assistance merits this.

Mortgages

We may receive up to 1% of the loan for arranging mortgage finance. This commission is paid by the mortgage lender. The actual amount of commission will be disclosed at a later stage in the ESIS (European Standardised Information Sheet) which will be forwarded to you. Information on the variation in levels of commission payable by the different creditors providing credit agreements being offered are available on request.

For example: We charge a fee of €500 for advising on a mortgage application, this fee is non-refundable. This is not in any way an indication of mortgage/loan approval. Our fee will be notified to the lender who will include this fee into the calculation of the APRC (Annual Percentage Rate Charge).

Please note that lenders may charge specific fees in certain circumstances and if this applies, these fees will be specified in your Loan Offer. You have the right to pay a fee separately and not include it in the loan. Typically, this situation arises in relation to specialist lending.

If we provide mortgage advice and obtain a Loan Offer for you and you subsequently do not proceed with your mortgage application through our firm, we will charge you an arrangement fee of €500 for our services.

Clawback

That fee will be owing in simple contract upon the claw-back of the commission.

You must advise us of those changes and request a review of the relevant policy so that we can ensure that you are provided with up to date advice and products best suited to your needs. Conflicts of interest

It is the policy of our firm to avoid conflicts of interest in providing services to you. However, where an unavoidable conflict of interest arises we will advise you of this in writing before providing you with any service. A full copy of our conflicts of interest policy is available on request.

In some cases, we may be a party to a profit-share arrangement with product producers where we provide extra services for the provider. Any business arranged with these providers on your behalf is placed with them as they are at the time of placement the most suitable to meet your requirements taking all relevant information, demands and needs into account.

Default on payments by clients

We will exercise our legal rights to receive payments due to us from clients (fees and insurance premiums) for services provided. In particular, without limitation to the generality of the foregoing, the

firm will seek reimbursement for all payments made to insurers on behalf of clients where the firm has acted in good faith in renewing a policy of insurance for the client.

Product producers may withdraw benefits or cover in the event of default on payments due under policies of insurance or other products arranged for you. We would refer you to policy documents or product terms for the details of such provisions.

Mortgage lenders may seek early repayment of a loan and interest if you default on your repayments. Your home is at risk if you do not maintain your agreed repayments.
